

Dementia Certification

These certifications represent your commitment to providing optimal care to those living with dementia and their loved ones.

Each professional certification through IEMC is renewable every two (2) years.

The Institute for Excellence in Memory Care's Dementia Curriculum,

Dementia Care with HEART©

Has been reviewed by the Alzheimer's Association® and meets the Alzheimer's Association Dementia Care Practice Recommendations in the following topics:

- Alzheimer's Disease and Dementia Awareness
- Strategies for Caring for the Person with Dementia
- Communications and Behaviors
- Social needs and Activities
- Eating Well
- Reducing Pain
- Falls
- Wandering
- Restraint Free Care
- End-of-Life Care

Certified Memory Care Professional Certification (CMCP)

This entry level, 3-session training is designed for direct care staff and their leaders who wish to advance their education to the next tier. Upon completion of this twenty-one (21) hour course, each student will earn their certification as a Certified Memory Care Provider.

Individuals must obtain fifteen (15) total CEU hours to recertify - ten (10) must be through IEMC.

Qualified Memory Care Professional Certification (QMCP)

This thirty-five (35) hour advanced level certification includes the CMCP 3-session basic certification class, and adds two (2) additional sessions specifically designed for Directors and Managers. The focus of these additional sessions includes operations, regulatory issues, leadership skills, team building, and teaching adult learners. Upon completion of this course, each participant will earn their certification as a Qualified Memory Care Professional.

Individuals must obtain twenty (20) total CEU hours to recertify - ten (10) must be through IEMC.

Date of Review Completion: 11.15.17
