Patty Piechocki, CTRS, QMCP, CDCP
Institute for Excellence in Memory Care
(574) 318-4635
patty@alzni.org

Patty Piechocki is the Program Director of the Institute for Excellence in Memory Care. Patty is a Certified Therapeutic Recreational Specialist who has worked in the memory care field for over 24 years. Patty is certified through the National Council for Therapeutic Recreation Certification; the Alzheimer's Foundation of America as a Certified Dementia Care Partner, and is an Expressive Arts in Long Term Care Train the Trainer through the University of Indianapolis. Patty specialties include development, and managing specialized memory care programs, dementia care programming, person centered dementia care, training and consulting, resident assessment, mentoring dementia care directors and activity staff, and volunteer development for memory care.

TARGET AUDIENCE:

Nursing Home Administrators, Social Workers, Nurses, Activity Professionals, Memory Care Practitioners

CONTINUING EDUCATION

REAL Services (Parent company of The Institute for Excellence in Memory Care and Alzheimer's Dementia Services of Northern Indiana) is approved by Indiana State Board of Health Facility Administrators to sponsor continuing education credit under the CE Sponsor— HFA license # 98000594A

To receive CEs, participants are required to comply with the following:

Training Seminar Registration and Attendance. During registration please identify if you will need a HFA CE. Individuals must verify their attendance before and after the session. If participants do not attend the session for a minimum of 30 minutes for each hour of presentation, your attendance will not qualify.

Submit written evaluations for each session, and successfully complete the exam at the end of the seminar.

Certificates cannot be processed until we verify your attendance and receive completed evaluation forms for each session you attend.

CE Certificates of completion will be e-mailed to the participant. Please allow 3-5 working days for processing.

Out of Crisis... Learning to “Respond” versus “React”

Care giving involves a wide range of intense, conflicting, and simultaneous emotions. Our emotions are messages and useful tools to communicate with others. When our emotions cause us to react in a negative way, we can not only harm ourselves— but those living with Dementia who rely on us. This training will provide in-site to professionals on where our clients are in their dementia journey— and how we can learn to respond to their daily needs.

Tuesday, May 15, 2019

12:00 pm—4:30 pm EST
(Registration begins at 11:30 am)

\$80 or \$70 for a certified member through IEMC

Community Health Pavilion— Carmel
Suite 126
1191 N. Meridian Street
Carmel, IN 46032
